16 December 2020

THE LINUX FOUNDATION

LF EDGE

Meeting Details

› December 16, 2020 (@ 7:00am PST)
› Meeting Info:
    › Meeting URL and Subscription can be found at https://lists.lfedge.org/g/TAC/calendar

Antitrust Policy Notice

› Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

› Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

Topics

1. LF Edge Lab
2. Upcoming Events / Next Meeting

LF Edge Lab
Jim St. Leger

THE **LINUX** FOUNDATION
LF EDGE

LF Edge Lab

› Subgroup met on December 9 to discuss moving LF Edge Lab from CI, Blueprint Validation Lab sub-committee in Akraino to LF Edge TAC

› Next step is drafting a Subcommittee Charter and updating the Acceptable Usage Policy

› Seeking Volunteers to serve on the TAC Lab Subcommittee
  › Strive to have representation across the Projects

› Subgroup will reconvene in the new year

Upcoming Events

Upcoming External Events

› [Open Source Summit North America](#): 3-6 August, 2021 - Vancouver, Canada
› [Open Source Summit Europe](#): 28 Sept - 1 Oct, 2021 - Dublin, Ireland
› [IoT Solutions World Congress](#): 5-7 October, 2021 - Barcelona, Spain

› Discussions around upcoming events occur in the LF Edge Outreach Committee
› Members may subscribe at: https://lists.lfedge.org/g/outreach-committee

THE LINUX FOUNDATION   LF EDGE

LF Edge Webinar Series

› Akraino Edge Stack
  › Held Thursday, April 2 - Your Path to Edge Computing with Akraino Edge Stack
  › On-demand recording available at: https://zoom.us/webinar/register/WN_Zjdo4-5fTOSIqH7pL8iHrQ
› EdgeX Foundry
  › Held Thursday, April 23 - EdgeX Foundry 101: Intro, Roadmap and Use Cases
  › On-demand recording available at: https://zoom.us/webinar/register/4515850788014/WN_xCd6YPjEOrCwLiFhBWPKug
› Project EVE
  › Held Friday, May 29 - Building the "Android of the IoT Edge"
  › On-demand recording available at: https://zoom.us/webinar/register/6415888722675/WN_35oZJ3hrOE69snMaiIUTPg
› White Paper
  › Held Thursday, July 9 - Demystifying the Edge with the new LF Edge Taxonomy and Framework
  › On-demand recording available at: https://zoom.us/webinar/register/WN_icv5h6wFTcuw9O0xvMpgLw
› Fledge
  › Held Thursday, August 13 - How Google, OSIsoft, FLIR and Dianomic use Fledge to implement Industrial 4.0
  › Recording available at: https://www.youtube.com/watch?v=6JXNv3AJWog
› State of the Edge
  › Held Thursday, September 17 - State of the Edge: Exploring the Intersection of IoT, AI, 5G and Edge Computing
  › On-demand recording available at: https://zoom.us/webinar/register/8115959695936/WN_4rt-MmP1Rl6Vkzn3ULpiAA
› Home Edge
  › Held Thursday, October 15 - Home Edge: How Your Home Devices Get Deployed in An Edge Computing Services Ecosystem
  › On-demand recording available at: https://zoom.us/webinar/register/WN_uSlgb-R5O4etkDhxoSXISQ
› Open Horizon
  › Held Thursday, November 19 - Secure Application Management for Machine Learning & Constrained Devices
  › On-demand recording available at: https://zoom.us/webinar/register/WN_tYli1JZ1RWq1pml8FuPRPw

› More to follow…

THE **LINUX** FOUNDATION

LF EDGE

Upcoming Project Events

› To be added…

› Projects can add their events to this list by sending the Wiki page listing the information to
info@lfedge.org

LF EDGE

Next Meeting

Next Meeting

› Next Meeting: Wednesday, December 30 @ 7am PST
  › Cancel and next meet on January 13?
  › Project Annual Reviews
    › Akraino (scheduled 01/13/21)
  › Will try out the Zoom webinar set-up for the meeting (versus standard meeting)
    › TSC members and Presenters added as Panelists
    › No registration required; Just follow meeting URL
  › Other Topics?
    › Open Horizon planning to apply for a move to Stage 2
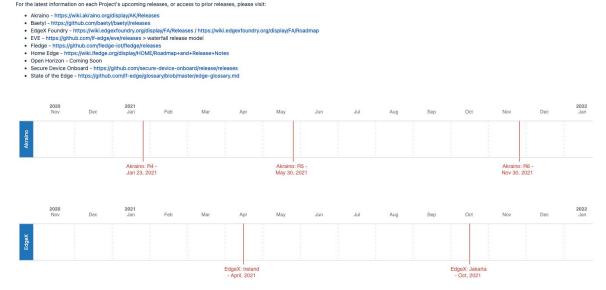

Thank You

THE LINUX FOUNDATION

LF EDGE

TAC - Focus Areas for 2020 (what to emphasize / de-emphasize in 2021?)

Target areas identified for the TAC to direct focus, beyond PLD/Project Review

1. **Architecture (Tech > LF Edge) - Output: TBD (*White paper?*)**
2. APIs Document, Align and Publish
3. SDO/Consortiums expansion
4. **Forcing function - Use Case or Deployment > Demo across all projects**
5. Technical overlap/unification
6. Cross Project Collaboration
7. IT Efficiencies

Out of Scope for the TAC (for now)

1. Vertical Solutions (End User / SIG Program)
   a. At Board/SPC level

THE **LINUX** FOUNDATION

LF EDGE

LF Edge TAC - Focus Areas for 2021: Continued Discussion

› One idea raised was for deeper (technical) solution briefs around Use Cases and Deployments
  › Would require commitment (volunteers) from the TAC, Projects, as well as the SPC
› (from prior discussion) White Papers
  › LF Edge level or Project level?
  › General (2020 introduced taxonomy/Projects) or Specific? (e.g. Security, Telemetry)
  › Who would be the audience?
  › Post publishing, vehicle for feedback? Success metrics?
› Other initiatives?
  › Open Edge Services Catalog - creation and cross-project support
  › Common way to document APIs for all the projects

Project Resources: Getting Started Checklist

1. https://wiki.lfedge.org/display/LE/Technical+Project+Getting+Started+Checklist
2. Best Practices Guide for new, and existing, LF Edge Projects to define/refine/enhance their Project Management
3. Will be sent to Project TSC Leads for additional input / examples
4. Welcome feedback in the TAC as well

THE **LINUX** FOUNDATION

LF EDGE

CII Best Practices Badge

› Identifies a set of best practices for OSS projects, focusing on security
› Provides a mechanism for projects to self-certify that they meet these criteria
  › Automation helps & prevents some false answers
› Full presentation here:
  › https://github.com/coreinfrastructure/best-practices-badge/blob/master/doc/cii-bp-badge-intro.pptx
› Website where projects can receive a badge here:
  › https://bestpractices.coreinfrastructure.org
› EdgeX Foundry, Home Edge and Open Horizon badging already in progress!
  › https://bestpractices.coreinfrastructure.org/en/projects/1226
  › https://bestpractices.coreinfrastructure.org/en/projects/4336
  › https://bestpractices.coreinfrastructure.org/en/projects/4300
› LF Edge Wiki tracks badge progress here: https://wiki.lfedge.org/
› Proposal: All LF Edge projects be encouraged to get a CII Best Practices badge

LF EDGE

State of the Edge - 2021 Report - Postcards from the Edge

And Now, The Time Has Come: 5G and the Edge

We're at a watershed moment in the evolution 5G, the "put-up or shut-up" moment when operators are assessing the commercial value to justify their investment in a 5G buildout. This is what always happens in the marketing and investment dance of a new cellular generation.

Recent research concludes that the full value of 5G is still being discovered, with select operators like SK Telecom aggressively exploring edge services that can deliver outsized value and demand a premium.

Geoff Hollingworth
CMO, MobiledgeX

Who Will Build and Pay for the Edge ?

...eed and ...ow the ...special- ...IoT and

...rs may ...e edge ...efficient ...helm of ...ing and ...able to

Monica Paolini
Principal at Senza Fili

The Data Layer Challenge at the Rapidly Evolving Edge

In the early days of the cloud, visionaries predicted that enterprise infrastructure would quickly migrate to few large cloud providers. Unfortunately, the early cloud hype got ahead of reality—because public cloud faces a huge issue it can't solve on its own: latency. The edge is developing quickly, but the initial emphasis has been on providing compute capabilities, with little thought given to storage.

Ellen Rubin
CEO, Clear Sky Data

THE **LINUX** FOUNDATION

LF EDGE

State of the Edge - 2021 Report

1. **Designate a Liaison**
   a. It would be ideal if the each Project could assign a volunteer to be the primary liaison with State of the Edge. This would not require much work, just a conduit for info and coordination. Intro to me directly via email.

2. **Align with the Glossary**
   a. Now that LF Edge has adopted clear terminology at the top level, we want to work towards aligning the project publications and documentation. Ideally, each Project would formally adopt the *Open Glossary of Edge Computing* and ask all its writers and contributors to use it as a style guide.

3. **Landscape.**
   a. There are probably many LF Edge contributing and supporting companies who have not yet been added to the LF Edge Landscape. I can help with this process, but I need .SVG logos. This is free advertising so it should be easy to incent folks.

4. **Postcards from the Edge**
   a. Like last year, the 2021 State of the Edge will include outside contributions of 500-1000 words. These need to be educational and not advertorial, but the author and their company will get credit. We will publish an abstract in the 2021 report and run the full essay on the blog.

5. **Project Update for State of the Edge**
   a. We plan to include a 2-3 paragraph "state of" for each of the LF Edge projects. Please assign somebody to this. We will want to see drafts in early November.

6. **Consider fielding and editor**
   a. If a Project/Member wishes to have input on the 2021 State of the Edge report, the best way is to find someone willing to be a section editor. This requires reading and commenting on at least one chapter of the 2021 guide, and this will need to be done under fairly tight deadline in November.
