LF Antitrust policy notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrave of the firm of Gesmer Updegrave LLP, which provides legal counsel to the Linux Foundation.

Topics

1. New chat server, replacing Slack
2. Current issue status
3. Documentation migration status
 - › Mermaid-generated charts update
4. Issue 29, Integrating in-place repo docs
5. Next meeting

Replacing “free” Slack instance

- › Open Horizon is one of the first customers for the new Linux Foundation chat servers, based on Matrix
- › Web UI and many free client apps available, see Element Messenger for an example
- › Go to chat.lfx.linuxfoundation.org to sign up using your LFID
- › Search for any groups beginning with “open-horizon”
- › Start an ad-hoc conversation at any time with any group of people
- › Remember that all conversations are “public”

Current issue status

Repo	open-horizon.github.io
New Issues	3
Backlog	2
In Progress	1
Completed	25

Documentation migration status

Issues:

- › Ongoing - maintain list of missing items to address at a later point, should open as GitHub issues
[Issue 54](#): Enhance Swagger JSON files with JS template – next
[Issue 67](#): Explore using Mermaid to generate charts – **Bruce Potter requested trying chart with numbered steps**
- › Process to crawl files, seed list. Confirm no orphan pages, no bad links, valid markup

Integrate in-place repository .md files

- › [Issue 29](#)
 - › Repositories must move files to \docs folder
 - › Then turn on github-pages for that repo as sub-folder of main doc site
 - › Then find a way to “symlink” the _config.yml and _folders from main doc site
Lines of investigation include:
 - › Git Submodules
 - › Git Subtrees
 - › ???
 - › Avoiding hard-coding separate copies in each repository

Next Meeting

Next Meeting

- › Next Meeting: Tuesday, June 15 @ 6am PT/9am ET

Thank You
