Required Forms

› Complete your mentorship packet and return to LF Edge

    › Mentorship is not official until this is done

› Set up an account on expensify so that you can request and receive your stipend payouts

    › This is where you will request your two disbursements

THE **LINUX** FOUNDATION   **LF** EDGE

Schedule and Milestones

› March 1 – Spring 2022 Term begins

› Week of April 11

  › Mentors conduct first evaluation

  › Then mentees apply for first stipend disbursement (1 of 2)

› Week of May 31

  › Mentors conduct second and final evaluation

  › Then mentees apply for second and last stipend disbursement (2 of 2)

  › Joe issues digital certificate of completion

  › Joe marks mentees as graduated
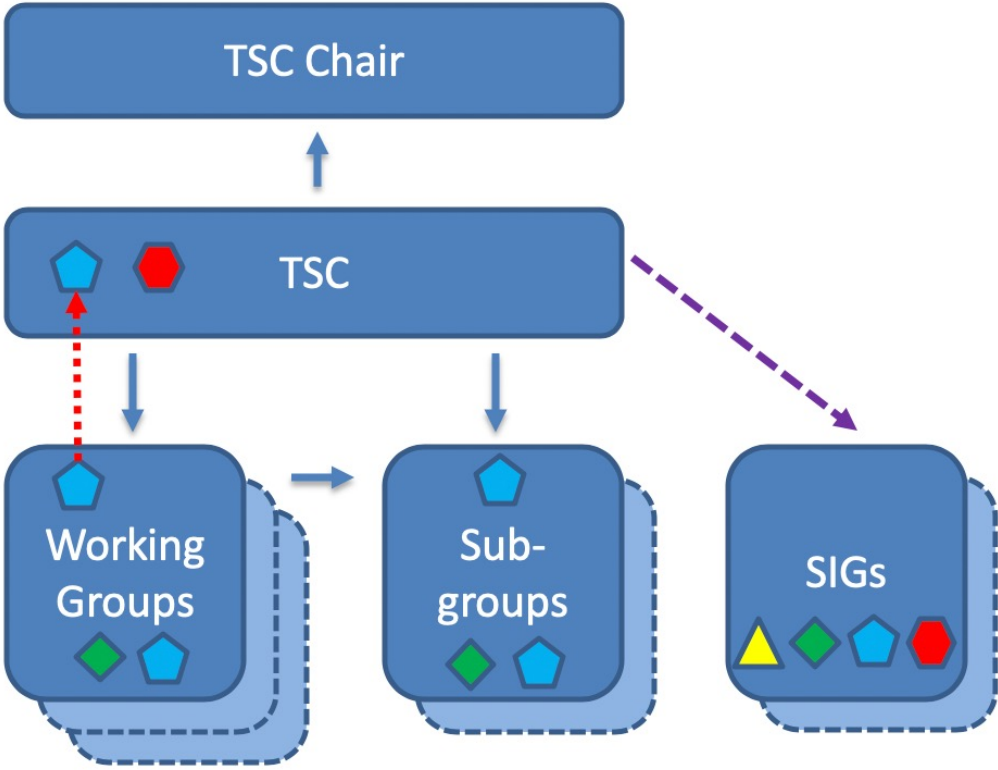

□ THE LINUX FOUNDATION

Meetings and Goals

› You'll meet personally with your mentor at the agreed-to cadence

  › Each is different

› You'll want to attend your Working Group (or SIG) meetings and participate there and in the relevant chat rooms

  › You may also need to attend other relevant WG meetings if applicable

› Your mentor will communicate your goals for this term

  › We may want to publish them on the wiki

  › The goals are aspirational and might not be completed in the term

LF Edge and Open Horizon

THE **LINUX** FOUNDATION

Communications and Tools

› LF Edge provides:

  › Matrix chat server

  › Groups.io mailing list and calendar

  › Paid Zoom videoconferencing for calls, meetings, and webinars

  › Confluence Wiki for the project

  › WordPress web site hosted on Pantheon

  › Edge Computing Lab for scheduled testing on physical devices

  › CD/CD and DevOps tools and infrastructure and accounts

  › Marketing and social media support and accounts

› All else is up to us
