LF Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

Status of Accuknox contributions to Open Horizon

This morning they gave a final, working demo of Kubearmor integration

Code contribution has been committed to OH integration repo

› Code contribution has yet to be replicated/endorsed by WG Chair or Project Architect

› If endorsed, then TSC will need to vote on accepting contribution

› If accepted, then TSC can vote on inviting Accuknox to join as Partner

Decisions

Proposed changes to Technical Charter around TSC Chair nomination/election

Initial announcement at previous TSC meeting, [followup email](). Ideas floated so far include changes to wording about the term, qualifications, nomination process, and the announcement process. The email contents were then posted to [the project wiki]().

Let's see if there is a consensus around any of the points, and if so, to vote on adding them to the Charter.
