Vertical Solutions Focus Groups [DRAFT]

Purpose

Vertical Solution Focus Groups (VSFGs) focus on End Users of LF Edge Projects. Through cross-Project open discussion, with end users at the table, VSFGs desire to gather a common understanding of User requirements. Output of VSFGs shall include Demos, Messaging, White Papers and other collateral. Output shall also help provide value to Project Release Roadmaps/Feature Prioritization.

VSFGs provide quarterly progress reports to the LF Edge Governing Board Strategic Planning Committee (SPC), as well as publish to the Wiki.

Active Vertical Solution Focus Groups

- Manufacturing
- Retail
- Telco Cloud

Vertical Solutions Focus Resources

- VSFG Process
- VSFG Quarterly Reports
