Major Projects

Name	Description	Owner
Transition off Travis-CI	Travis-CI is moving towards an unknown future for open-source projects. At some undetermined point in time, all projects will move from travis.ci.org to travis-ci.com with an unknown billing system. Efforts are underway to evaluate alternatives to Travis-CI including GitHub Actions and LF-Edge's Jenkins infrastructure.	Ben Courliss
All-in-one Management Hub	This project is a way to deploy the OpenHorizon components using Docker Compose to facilitate learning the platform.	Bruce Potter
