Calendar of Zoom Calls (Open Office Hours and TSC Meetings)

Every two weeks we host an EVE meeting on Zoom. They generally occur at the following times (but watch out for daylight savings adjustment diffs for CET in spring/fall):

0815 US-Pacific Time / 1715 Central Europe Time (CET) / 2145 India time in the winter, 2045 in summer

Open office hours are every 4 weeks. Project EVE TSC meetings are every four weeks. Because of the offset of two weeks from each other, the net result is an EVE meeting every 2 weeks.

If you would like to add some agenda items for our next meeting, **post your agenda item ideas on the Slack #eve channel or send on the mailing list.**
