## Attendees

|                                  |                           |                                |
|----------------------------------|---------------------------|--------------------------------|
| <a href="#">Bruce Potter</a>     | John Easterday            | <a href="#">John Kuriakose</a> |
| Randall F Templeton              |                           | <a href="#">Tushar Behera</a>  |
| <a href="#">Vasavi Vasudevan</a> | <a href="#">Sven Uthe</a> | Lorenzo King (Bruce)           |

## Goals

- Integration issues with FDO 1.1
- Plan for FDO 1.1Improving community engagement

## Discussion items

| SI No | Item                                                                  | Notes                                                                                                                                                                                                                                                                                                          |
|-------|-----------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1     | Opens / updates                                                       | <ul style="list-style-type: none"><li>• Cancelled due to lack of quorum</li></ul>                                                                                                                                                                                                                              |
| 2     | Integration issues with FDO 1.1                                       | <ul style="list-style-type: none"><li>• No updates</li><li>• IBM is planning to move to FDO - release timelines tentatively around August<ul style="list-style-type: none"><li>◦ IBM planning for SDO minor release in April (Open horizon)</li><li>◦ SDO to FDO fix timeline/ details TBD</li></ul></li></ul> |
| 3     | Features for FDO 1.1.0                                                | <ul style="list-style-type: none"><li>•</li></ul>                                                                                                                                                                                                                                                              |
| 4     | Steps to improve community engagement                                 | <ul style="list-style-type: none"><li>•</li></ul>                                                                                                                                                                                                                                                              |
| 5     | Decision to make this meeting once in two weeks instead of every week | <ul style="list-style-type: none"><li>• Proposed by Vasavi V<ul style="list-style-type: none"><li>◦ Randy - Yes</li><li>◦ Lorenzo - Yes</li><li>◦ Vasavi - Yes</li><li>◦ John K - Yes (Discussed with him offline in LF Edge meeting)</li></ul></li></ul>                                                      |

## Action items

- ☒ Tushar to provide information about FIDO Alliance Hackathon (to sort out inter operability issues)
- ☐ Vasavi to provide updates about short-term/long-term roadmap for FDO
- ☒ Randy to check on the feasibility of not using CBOR encoded format always and use CBO diagnostics
