LF Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the i of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

Discussion items

See agenda:

- Teams are working on lower priority Bug backlog
- New feature designs
 - "Disconnected / Freeze" mode where the Agent will continue to run any active agreements / workloads but will not contact the Mgmt Hub for changes to agreements
 - Goal: prevent agreements / workloads from changing while the edge node is in a safety critical state.
 - "Change Freeze" mode, Send heartbeats but not accept node property updates or changes, geofencing information updates
 - Prefetch the service container before forming new agreement / canceling old agreement - fine grained control of states within agreement formation
 - containers can be large, network connectivity might be slow
 - download the new container before cancelling old agreement
 - Goal: reduce downtime between new agreement and old agreement
- Rebase UBI containers on UBI9
- Documentation updates and edits
 - [Agent landing page](#) is looking good
 - Small improvements to anax-in-container documentation
 - https://open-horizon.github.io/docs/anax/docs/agent_container_manual_deploy/
- Next Meeting: Mar 20 2023
 - John won't be available, potentially [David Booz](#) will run the Agent WG meeting.
