

2024-01-31 Meeting notes

LF Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

Date

30 Jan 2024

Discussion items

- Talked in TSC meeting about automatic generation of [release notes](#) and how to keep them updated.
- [John Walicki](#) submitted [PR 536](#) to add Debian Bookworm and RHEL 9.3 support to [the documentation for supported environments](#).
- Release Notes ([examples](#), [anax](#)) and [CHANGELOG](#) files - some maintained by hand, others formerly had automation. Will open ticket to standardize all on automation.
- Open Horizon Services - what to do?

Action items

- ☐ [Joe Pearson](#) Open issue in devops repo to standardize and update CHANGELOG files with automation. May have dependency on some repos adding formal release process.
