## LF Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the i of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

## Discussion items

- Sanjeev noticed anax repo's agent install folder had outdated README.
- Any set of documentation steps are good candidates for automation. Where to start?
- Sanjeev pointed out that steps for certificate installation missing.
- Devops repo has PR for Ansible Playbook on managing AIO. Review documentation and ensure it is integrated into docs site.
- What is the proper format for inserting copyright and other statements in files, especially additions?
- OpenBao has posted a rough set of milestones, beginning with tentative timeframes for the Alpha release. At that point, Open Horizon will begin integration work, and we'll document.
