

ONE Summit 2024 Booth Schedule

Overview

There are seven key times, highlighted in yellow, when we'll want two or more persons staffing the booth due to potential increased traffic. These are also good times to schedule an in-depth demo for a specific solution. Also a good time for a raffle or giveaway.

We will want **continuous coverage** in the booths from the start of the day when we unlock and setup the computers until the end of the day when we turn off the computers and lock them up or pack them up.

LF Edge Booth

Booth volunteer guidelines:

- **Promote LF Edge and its projects:** Your main role is to inform attendees about LF Edge and answer their questions.
- **Engage and Inform:** Be approachable, engage in conversations, and share LF Edge resources. Stay informed about LF Edge projects to offer valuable insights.
- **Maintain Professionalism:** Represent LF Edge professionally, collaborate with team members, and report valuable feedback.
